

mentor's lti assessment

www.bigpictureonline.org

Mentors play a key role in the education and development of a Big Picture student. This assessment documents the mentor's perspective on the intern's experience at the LTI. This form should be completed before the exit meeting at the end of the internship, so it can be reviewed and discussed with the student and advisor. The completed assessment will become part of the student's portfolio and portions may be included in the student's narrative or exhibition.
